Discover the FUN of K9 Nose Work® With Marion Brand, CNWI at K9 Nose Time

Inspired by professional working detection dogs, K9 Nose Work® is an exciting, fun, new dog sport that “unleashes” your dogs natural detecting abilities and can turn any dog into a Scent Detection Champion. All dogs have an incredible sense of smell and a natural desire to hunt: K9 Nose Work® “unleashes” these natural abilities and opens up a whole new exciting world for both of you. Great for building confidence in dogs, enhancing the human-canine bond and teaching dog’s superior focus around all sorts of distractions

The sport involves training dogs to search and alert, just like professional detection dogs working at airports or for the police. It's already hugely popular in the United States where it was founded by three professional detection dog trainers and is now also exploding across Australia. A titled sport in the USA since 2008 (and with the first Australian Trial planned for later this year), K9 Nose Work® is a timed competition where the dogs are judged on their speed and accuracy in detecting and alerting their handler to specific odours hidden in four different elements.

The elements are Interiors (which can be a room or rooms in a house or building such as an office or school), Exteriors (which can be any outside area including lumber yards, parks and school yards) Containers (which can be luggage or handbags or bins or other things) and Vehicles (which can include cars, trucks, tractors, boats, bikes or airplanes).

Besides being great for strong healthy fit dogs, this fun activity and sport allows the elderly, disabled or convalescing dogs to flex their brain muscles while they puzzle out low impact searches at their own pace. Also excellent for shy, fearful or timid dogs, it builds confidence, courage, focus and independence. The dogs get so absorbed in the joy of hunting or (seeking) that they forget their worries and fears. This also carries over into other areas of their lives. It's also great for reactive dogs because all training and trials are designed to keep dog to dog interactions to an absolute minimum. Only one dog at a time searches, all others are safely crated away from the search area or resting comfortably in their owners car.

K9 Nose Work® is much more than an activity. It is an experience you share with your dog. They will love you (even more) for it.

CONFORMATION

JUDGE: Mrs Glenda Stephenson (USA)

Mrs. Stephenson began her dog show career as a junior handler in 1968. Living in Anchorage, AK, dog showing was an enjoyable family event. Traveling all over the state with her Pembroke Welsh Corgi, exhibiting in Junior Showmanship, Obedience and Conformation was an adventure. Returning to Florida, Glenda continued showing dogs and assisting handlers with various breeds.

As one of the original members of Space Coast Kennel Club of Palm Bay, Glenda was seated as an officer for many years, past show chairman, club training instructor, and is currently the President and Delegate of the Club.

Acquiring her first Australian Shepherd in 1985, Glenda found that this breed was the breed for her, thus the beginning Sunswept Kennels. Whether trialling the dogs on stock, obedience or conformation, these dogs fell into place.

Primarily exhibiting the Aussies at ASCA events prior to 1993, but continues to exhibit ASCA and AKC. Glenda and her family are proud breeders of AKC and ASCA Champions.

In 1994, Mrs. Stephenson was asked to handle a Beagle, which later became part of her family. Campaigning the Beagle, along with the Aussies was enjoyable. Siring the first litter of Sunswept Beagles, Glenda finished the first group of homebred Beagle Champions.

Glenda has been an owner handler of several other breeds including: Cardigan Welsh Corgis, Pembroke Welsh Corgi, Tibetan Terrier, and Swedish Vallhunds. She is currently approved as an ASCA Senior Breeder Judge, as well as an AKC Australian Shepherd, Beagle, and All-Breed Junior Showmanship judge.
